

Garaventa Accessibility Stair-Trac

portable wheelchair lift

The Garaventa Stair-Trac is an easy to use, portable wheelchair lift designed to attach under most manual wheelchairs. Stair-Trac's powerful motor allows a small attendant to safely transport a larger passenger up and down stairways. Stair-Trac is suitable for indoor or outdoor use in public buildings and private homes. An affordable and reliable portable access solution.

15803-B-PB

Features

- Attaches to most standard wheelchairs with push handles (adult/child)
- Powered to carry over 250 lbs. up approximately 30 floors
- Use on virtually any indoor or outdoor stairway
- Stable and self-supporting
- Durable tracks grip stairs securely
- Detachable support handle for compact storage and easy transport
- Quick-release safety belt
- Key switch restricts use to authorized persons
- Optional auxiliary seat for non-wheelchair passengers
- Rechargeable batteries and charger

Benefits

- Economical compared to stairway lifts and elevators
- It is portable so it can be used on various stairways within a building
- Can be used when electrical power fails or is not available
- Easily stores in a secure area when not in use
- Requires minimal maintenance
- Available immediately
- Can be used for building evacuation

What our customers say

"The Garaventa Stair-Trac has allowed our District to meet its needs at a fraction of the cost of installing an elevator in our building."

- Batavia City Schools, Batavia, NY

"It has proven to be dependable, safe, and functional for our school district."

- Hillcrest Elementary, American Falls, ID

Attach the Stair-Trac to the wheelchair, recline the passenger and move them to the stairway.

Ascend or descend stairs with the press of a button. The passenger sits in a comfortable, upright position.

An auxiliary seat is available for non-wheelchair passengers.
